

# SAMUEL BURT LABYRNITHS

Begin at the open path at the top of the maze on PAGE 1. Do not attempt to race to the middle or find the shortest path. It is possible to return through pathways you have already traversed in the same or opposite direction.

If you reach the center of a page, first, wait for all others to reach the center and then progress to the next page.

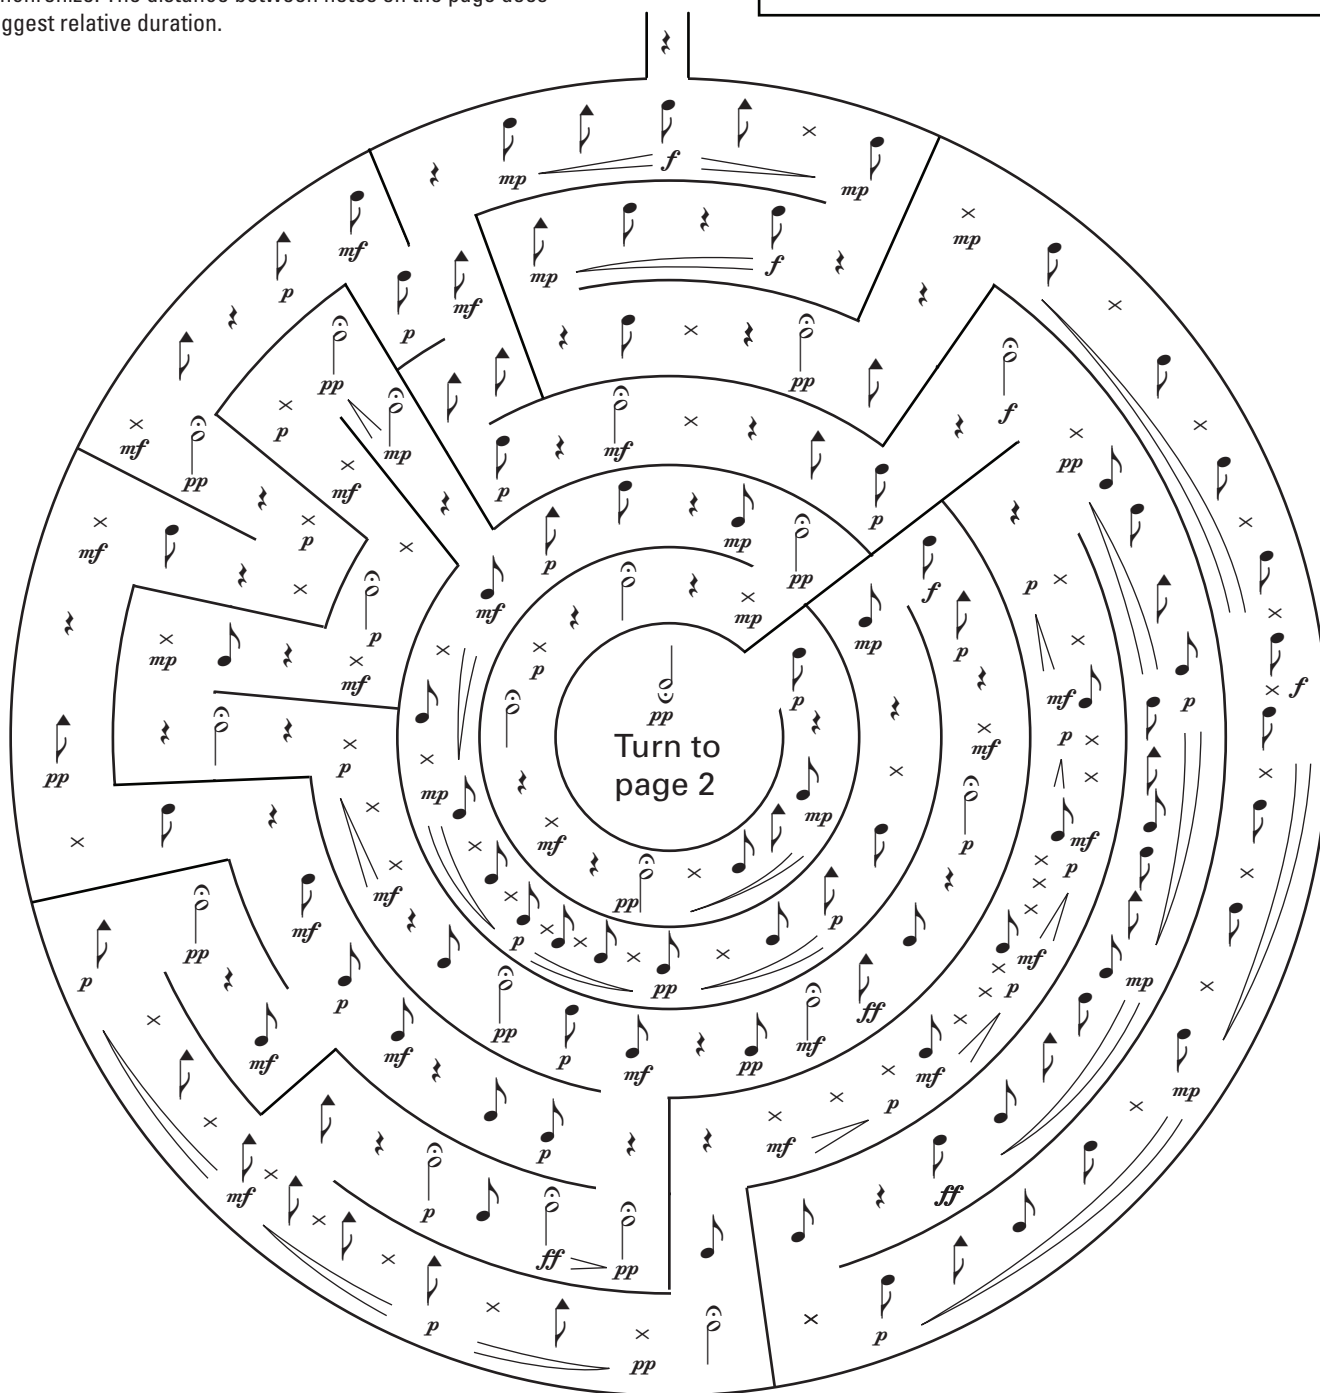

If you reach the center of a page, last, wait until all others have moved on to the next page before continuing.

There is no set tempo and the players should not attempt to synchronize. The distance between notes on the page does suggest relative duration.
